

## API Agreement

Green By Phone, Inc. develops advanced mechanisms and features (hereinafter referred to as “API”) for You to process and/or verify checks.

We also develop and assist in developing, applications that may reside on third-party websites and services. This includes E-Commerce platforms that are available to the general public. We understand that You request the use of Our API, which may or may not reside on a third-party website or platform. Because many of these third-party platforms make constant changes to their systems, at times without notifying Us, We must inform You of Your responsibility to monitor and maintain Your systems. You must notify Us in the event of an error that is reported to You or affects Your ability to process or verify a check.

By signing below, You agree You fully understand that **WE ARE NOT YOUR DEVELOPERS** and in no way have We contracted with You to develop anything on Your website or in Your software. We in no way guarantee any service that is connected to Our processing platform via API, whether created by Us or a third-party. You agree that if you use a third-party of any kind, We are NOT LIABLE or responsible for any errors or bugs You or Your customers encounter when using that third-party. You understand that You use Our API at Your discretion, without warranty that it will function properly at any or all times.

You understand and agree that We are NOT REQUIRED to assist You with anything on Your website, Your system, in any of Your development, or in any third-party development that You may undertake when using Our services or API. If We assist You in any third-party project, to include E-Commerce and third-party applications, You agree to hold Us harmless. You are solely responsible for making sure that a separate, competent developer inspects your work. Any advice given by Our programming team may only be used WITHOUT WARRANTY.

We DO NOT grant You a license to use our logo or name in any of Your work or projects without expressed written consent from Us.
